COMPANY PROFILE

Jianshi(Ningbo)
Smart Electric Appliance Manufacture Co.,LTD

Our company established in 2011 and is located in the famous "Home of Small Household Electric Appliances" ——Cixi, Ningbo, Zhejiang, China. Our factory has a 38,000 square meter workshop, and the ISO9001 system authentication. We became listed company of new OTC Market in 2017.

Our factory is an enterprise which combines development, design, production, sales and service of oil free fryer, air circulation fryer and air fryer oven. We accumulated a lot of experience in development and manufacture management, standard technological and quality inspection control processes. In addition: there are complete facilities and equipment on plastic articles, molds, relevant tests and finished products. We take "customers satisfaction" as the standard of work and service.

We built up trade relationship with customers from South Korea, the United States, Malaysia, Australia, Italy, Spain, Vietnam, Thailand, Singapore, Columbia, Mauritius, etc.

CONTENTS

AIR FRYER

ELECTRIC STEAMER

ICE MAKER

MULTIPLE USE What can I fry?

Principle of product:

Our fryer use the principle of hot air combining with high speed air cycling (fast air change), it will provide a one time comprehensive heating, so for most food, there is no need to add oil for cooking. There are a timer device and a thermostat in the unit. It will not be burnt when user set the suitable time and the temperature.

Healthy:

The high speed air cycling technology compare with traditional fryer which can effectively reduce fat more than 80%.

Multiple Use:

Frying, roasting, baking and grilling function all in.

Easy Clean:

Removable frying-pan and frying basket are all covered with non-sticking painted coat, cleaning is very convenient.
