New Product Launch

Adhere to the process standards, strictly control every step of the production, and use reliable products to build a good reputation.

Listen to market demands, align with usage scenarios, and win trust through products and services.

Welcome to HOTIN !

Company Introduction

Professional factory
Looking forward to work with you .

Zhejiang Haotian Kitchenware Co., Ltd. is located in Longyou Economic Development Zone, Zhejiang Province. It is a professional manufacturer specializing in the production and processing of aluminum kitchenware. At present, the company's main products include various aluminum non-stick cookware, such as woks, frying pans, soup pots, milk pots, cookware sets, cake molds, etc.

We are a modern enterprise integrating design, R&D, production, sales and service. Relying on strong economic strength, advanced technology, reliable quality, scientific management, comprehensive services, as well as a pragmatic and innovative spirit, we have expanded, consolidated and strengthened our enterprise while winning trust and reputation, and gained recognition from a large number of customers.

The company covers an area of more than 20,000 square meters, with a workshop area of over 60,000 square meters and more than 300 employees. It is equipped with professional facilities such as automatic aluminum pot production lines, automatic spraying equipment and automatic packaging lines. We have obtained ISO9001 Quality Management System Certification, as well as BSCI, LFGB, SGS and other quality certifications.

Adhering to the principle of "Customer First, Reputation First", Haotian Kitchenware is committed to providing customers with higher-quality products and more comprehensive after-sales service, and establishing long-term cooperative relationships with clients and partners from all over the world.

300

More than 300 professional technical team

90

Our products are sold to more than 90 different countries

90%

of clients are coming back to us for a second project

60000m²

Modern professional owned factory

Exquisite Choice

Certificate of Inspection

Professional Equipment

The company introduced advanced die-casting technology, greatly improving the quality of products.

Innovation drives development, quality ensures survival, management boosts efficiency, and integrity wins customers. Quality ignites the future, cooperation achieves a win-win market.

A COMPLETE SOLUTION FOR COOKING
IN ALL SCENARIOS

Ranya Series

It is coated with a food-grade safe non-stick layer. Even with less oil and less smoke, it can still be easily used for cooking. Eggs and pancakes won't stick to the bottom. Just rinse it with water and it will be clean.

HEALTHY NON-STICK

UNIFORM HEAT CONDUCTION

Kitchen Aesthetics

The petal-shaped streamlined body design of the pot breaks the stereotype of traditional cookware.

The gentle curves exude an elegant feeling.

It not only serves as a cooking tool but also adds to the kitchen decoration. The matte and frosted texture, combined with the minimalist handle, makes it an art piece when placed on the countertop.
